Safe Harbor

Forward-Looking Statements

This presentation may contain “forward-looking statements” made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Statements regarding our business that are not historical facts are forward-looking statements that involve risks, uncertainties and assumptions that are difficult to predict. These statements are not guarantees of future performance and actual outcomes and results may differ materially from what is expressed or implied in any forward-looking statement. For a discussion of certain risks and uncertainties that could cause actual results to differ from those contained in the forward-looking statements see our filings with the Securities and Exchange Commission (the "SEC"), including, but not limited to, the "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2010, as filed with the SEC on February 9, 2011. SEC filings are also available in the Investors & Media section of our website. All forward-looking statements in this presentation are based on information known to us on the date hereof, and we undertake no obligation to publicly update any forward-looking statements.

GAAP and Non-GAAP Results

This presentation includes non-GAAP measures that exclude certain items the company considers are not reflective of normal operating performance. We believe that the presentation of these measures provides investors with greater transparency and supplemental data relating to our financial condition and results of operations. These non-GAAP measures should be considered in context with our GAAP results. A reconciliation of Adjusted Net Income Attributable to ICE and Adjusted Earnings Per Common Share Attributable to ICE to the equivalent GAAP measure and an explanation of why we deem these non-GAAP measures meaningful appears in our earnings press release dated May 4, 2011 and in the appendix to this presentation. The reconciliation of Adjusted Total Operating Expenses, Adjusted Operating Income, Adjusted Operating Margin and Adjusted EBITDA to the equivalent GAAP results appears in the appendix to this presentation. Our earnings press releases and this presentation are available in the Investors & Media section of our website at www.theice.com. Our earnings press release is also available in our Current Report on Form 8-K filed with the SEC on May 4, 2011.
